## Reel and Control Module Accessories

Be more productive on-site with these accessories designed for the vCam-5 and vCamMX camera systems. Our range of camera skids will help to get the most out of the camera head and protect your investment. Contact your local distributor or visit our website at [www.vivax-metrotech.com](http://www.vivax-metrotech.com) for more information.

### Rotate and Tilt Table

**The Rotate and Tilt Table (RATT)** - mounts between the Type-CP reel and the vCam-5 control module. The RATT adds the flexibility to position the control module to a comfortable viewing angle.

**Available for: Type-CP Reel**

### Sun Shield

**Sun Shield** - mounts to the control module face to help shield the screen from direct sunlight. Strong magnets in the sun shield and control module front panel keep it in place.

**Available for: vCam-5 and vCamMX Control Modules**

### Drip Bags

**Reel Drip Bags** - use the durable nylon material drip bags when entering a building, home or other clean areas. Use the drip bags to ensure that any moisture or debris will not fall from the reels pushed onto a clean surface.

**Available for: Type-CP and MX Reels**

### Extended Length Interconnect Cable

**Extended Length Interconnect Lead** - increases the distance between the reel and control module to 26 feet. The standard lead is 12 feet. The extended lead is 26 feet in length.

**Available for: Type-CP and MX Reels**

### Type-C Handle for vCam-5

**Type-C vCam-5 Mounting Handle Assembly** - replace the original handle of the older Type-C reel with this version allows the newer vCam-5 control module to mount atop the older Type-C reel.  
 (control module and reel not included)

**Available for: Legacy Type-C Reel**
